

Final International Multiplier Event

Project: VirtualEdu – Upskilling and Certification Scheme for Virtual Educators

Project No: 2022-1-RO01-KA220-HED-000086331

Final International Multiplier Event of the **VirtualEdu – Upskilling and Certification Scheme for Virtual Educators** project, hosted by the **West University of Timișoara (Romania)**- the project coordinator, and the **Politechnica University of Timisoara**, one of the main project partners.

This event marks the culmination of three years of collaboration among universities and organizations from Romania, Slovenia, Croatia, and Austria, dedicated to strengthening **digital education and remote teaching competences** across Europe.

Participants will discover the project's MAIN RESULTS, including:

- The **ECQA-certified training and certification scheme** for virtual educators and managers;
- The **innovative e-learning platform and MOOC** developed within the project;
- Key findings, best practices, and sustainability plans ensuring long-term impact.

The event will bring together educators, researchers, policymakers, and stakeholders from higher education and industry to **exchange experiences, discuss future opportunities**, and celebrate the achievements of the VirtualEdu partnership.

 **Date: 24.10.2025, Timisoara, Romania**
